Every Child has a Song to Share…
Message from the Executive Director

Children are bursting with potential – and it is that potential that the Achievement Center taps into and helps develop in partnership with their families, their schools and other important members of their lives. We are honored to be selected to help provide therapeutic services to children and adolescents during their time of need. In this past year, over 3,800 children, from infancy to young adulthood, were served by the Achievement Center in a five-county area.

The journeys of tens of thousands of families over our 87 year history are filled with many challenges and much joy. Through collaboration and inclusion, and through attending to the special needs and circumstances of each child, the skilled and compassionate clinicians at the Achievement Center unleash each child’s potential.

We understand that we are assisting more than just the next generation, we are laying the foundation for a strong community – a community that believes in the profound importance of the childhood experience. It is this belief that drives our vision that every child will be valued and respected.

Just as children are bursting with potential, they are also bursting with song. Every child has a song to share; an individual melodic voice that lifts our spirits and brings us joy even when they are facing obstacles. We are deeply grateful for being invited to be an integral part of these experiences; they enrich our lives and reaffirm our commitment.

As you turn the pages of this annual report and 15-month calendar, you will read about the many programs and services that we offer. I hope that the song that resides within our hearts sings out to you through the beautiful photos and brief descriptions of our services. We are here to serve you and your family.
Our Philosophy

WE BELIEVE in the profound importance of the childhood experience as a foundation for the well-being of our society.

OUR VISION is that every child will be valued, respected, and will have opportunities to succeed.

OUR MISSION is to maximize the potential of children.

WE PROVIDE child-centered and family-focused therapeutic services in child development, physical rehabilitation, Autism Spectrum Disorders, Attention Deficit Hyperactivity Disorder, and mental/behavioral health.

Our Core Values Are:

RESPECT - Respect all children and adults as having intrinsic worth.

DIVERSITY - Acknowledge and seek to understand diverse values, beliefs and cultures.

COMPASSION - Exercise compassion and sensitivity when interacting with others.

INTEGRITY - Demonstrate integrity, honesty and ethical conduct in all activities.

WELLNESS - Support physical, mental and spiritual health.

COLLABORATION - Partner with families and other community resources.

INCLUSION - Accept and value the strengths and contributions of everyone.
“Both of my children’s therapists were encouraging, cheerful, upbeat, and found ways to make every activity fun, while helping to build their confidence.” — Client Family, Erie County, PA
### The Physical Rehabilitation Program

*Available in Erie County*

The Achievement Center's Physical Rehabilitation Program provides quality outpatient medical rehabilitation services for children and youth, ages 6 to 21, with a wide range of disabling conditions.

The program is available to children and youth who live in Erie County, attend school, and have a medical need for this care in order to achieve a maximum level of function and integration into the home and community.

The program's professional services include:

- **Physical Therapy** addresses ambulatory skills; gross motor skills; balance and coordination; endurance/conditioning; and adaptive equipment. Aquatic Therapy is also available.

- **Occupational Therapy** works on activities of daily living like dressing, eating, grooming, etc.; fine motor skills; sensory processing skills; and vision training.

- **Speech/Language Therapy** works with communication skills via speaking, using sign, or using assistive technology; essential life tasks such as eating/feeding and swallowing; and cognitive strategies.

Therapeutic Recreation Treatment is a unique feature of our program with activities geared to help children with physical impairments adjust to disability and improve their quality of life.

**Physical Rehabilitation Program**

An Erie Insurance grant is making a positive and significant impact for the Achievement Center’s Physical Rehabilitation Program. The grant is providing sensory training and equipment to assist sensory integration trained therapists with therapies for client children.

"My daughter’s speech therapist was very professional and friendly. We looked forward to seeing her every week. The therapist kept my daughter engaged and was very informative with me. It took less than a year to see results. My daughter talks non-stop!"

— Client Family, Erie County, PA
### Early Childhood Programs

Available in Erie, Crawford, PA and Chautauqua, NY Counties, Warren, PA, and Chautauqua, NY Counties

The Early Childhood Services Program provides support to children with delayed developmental skills in one or more areas such as cognition, communication, fine and gross motor skills, adaptive behavior, and daily living skills. This service is available to children from birth to five-years-old.

Services and treatments may include: Physical and Occupational Therapy; Speech-Language Pathology (Bilingual Services); Specialized Education Instruction; Audiology; Vision Training; Nutritional Services/Feeding Oral-Motor Intervention; Family Training and Support; Aquatic Therapy; Behavior Modification; Sound Recognition/Sign Language Training; and Orthotic Consultation. Services are provided in the child’s natural environment, including the home, childcare center, and/or community.

Early Childhood programs include:

- **Erie, PA**: Early Intervention Birth to Three; and Early Intervention Three to Five-year-olds.
- **Crawford County, PA**: Early Intervention Infant and Toddler.
- **Chautauqua County, NY**: Early Intervention Infant and Toddler; Related Services 3-5 Year Olds; and Findley Lake Universal Pre-Kindergarten.
This past year, 99% of families confidentially surveyed felt that the services they received helped them reach their goals.
Outpatient Mental Health Program

Available in Erie County

Outpatient Mental Health Services provides specialized treatment to children, ages 3 to 21-years-old, and their families who are experiencing emotional or behavioral problems.

Provides individual, group, and family psychotherapy, psychiatric evaluation, and medication management to children.

Services are provided to individuals who are experiencing emotional, relational, and/or behavioral problems. This Outpatient Mental Health Program has specific areas of expertise including children with: Anxiety; Mood Disorder; Adjustment Disorder; Obsessive Compulsive Disorder (OCD); and Depression.

Therapists provide individualized treatment that will meet the needs of children and families so that they can function successfully at home, in school and in the community.
You’re Invited to Erie’s Ultimate Trivia Night Challenge!
Let The Games Begin...
January 26, 2011
Bayfront Convention Center, 1 Sassafras Pier, Erie

The Achievement Center Presents...
A Fun Filled Evening with Erie Trivia, Silent Auction, Raffles and Much More!

Please visit our website at www.achievementctr.org for more information.
Special Event:
Erie Trivia Night

Come see what the Achievement Center has in store for the 20th Annual Erie Trivia Night on Wednesday, January 26, 2011 at the Bayfront Convention Center, located at 1 Sassafras Pier, in Erie PA.

Come feel the energy and excitement as 'Captain Dan' Geary, of WYNE 1530 AM Mercyhurst North East, returns as our Master of Ceremonies. The ‘Captain’ will be navigating participants through three rounds of rip roaring, mind teasing Erie trivia questions to arrive at the infamous ‘final question.’ Participants will be treated to an evening of food, fun and friendly competition as teams vie for the coveted, “Achiever's Title.” Raffle prizes and a silent auction will also be held throughout the evening.

For more information, to reserve a table or to be a sponsor for this year's event, please contact the Achievement Center's Resource Development Department at 814-459-2755, Ext. 1115.
“This past year the intake and client services department handled over 4,100 inquiries and referrals to Achievement Center programs and services. “We called the Achievement Center because we weren’t sure how to get our son the help he needed, the staff was kind and informative. Today our son is thriving thanks to the Achievement Center.” — Client Family, Erie County, PA
Intake and Client Services

Available in Erie County

The Intake and Client Services program has been developed to assist families with accessing the quality therapeutic services provided by the Achievement Center. You will be greeted by friendly and efficient intake staff, who are happy to provide you with information about any of our valued programs.

The program has a "no-wrong-number" policy, which means that the callers and visitors will receive as much assistance as we can possibly give them, even if they inquire about a service that the Achievement Center does not provide.

The Intake and Client Services program has clinicians that are dedicated to offering you the best service possible. They will ensure that your family is treated with respect and kindness, while taking the time to learn about your circumstances and allowing you to voice your concerns.

For more information about the Achievement Center's programs and services, please call the Intake and Client Services Department at (814) 459-2755, Ext. 1521 or toll free at (888) 821-3110.

For more information about the Achievement Center's programs and services, please call the Intake and Client Services Department at (814) 459-2755, Ext. 1521 or toll free at (888) 821-3110.
Behavioral Health Rehabilitation Services (BHRS)

“I love everything about the Achievement Center! We are very pleased with your services. Our daughter has made excellent progress from the beginning! I don't think she would be where she was at if wasn't for your help.” — Client Family, Crawford County, PA
Behavioral Health Rehabilitation Services (BHRS)

Available in Erie, Crawford, Forest, and Warren Counties

The Achievement Center provides specialized Behavioral Health Rehabilitation Services (BHRS) to children and their families who are at risk for emotional or behavioral problems.

Services are strengths-based, and needs-driven, that give individualized support to children/adolescents and their families. Prescribed, individualized, behavioral health services are provided to children and adolescents who have a psychiatric diagnosis which makes it medically necessary for them to receive BHRS.

The services are provided by trained professionals, including Therapeutic Staff Support, Mobile Therapists, or Behavioral Specialist Consultants, who are committed to providing the highest quality care to children.

Program goals may target safety, functional communication, social or classroom behavior. Services are based upon Child and Adolescent Service System Program (CASSP) and are provided in the home, school, and/or community.

Achievement Center
Above and beyond.
“Our child was diagnosed with Autism two years ago, we are amazed at the progress he has made with the help of the Achievement Center.” — Client Family, Erie County, PA
LEADERS Program
(Lake Erie Autism Diagnostic Education & Research Services)

Consulting Services Available in Erie, Crawford, Forest, Warren, PA; and Chautauqua and Erie, NY Counties

LEADERS is an autism program that specializes in designing services and offering consultations that meet the unique needs of every child, family, agency or school, regardless of geographic location.

LEADERS is a program that offers families and professionals access to services that are founded in evidence-based practice and that are rapidly becoming accepted as the gold standard of best practices in the field of autism intervention.

LEADERS is a collaboration between the Achievement Center and Mercyhurst College and encompasses a wide range of services. The Achievement Center has been named a regional autism site by the Autism Services Education, Research and Training (ASERT) project. As a regional autism site, the Achievement Center, in connection with Mercyhurst College, has been selected to collaborate with Western Psychiatric Institute and Clinic of UPMC to improve early diagnosis, treatment of and education about autism spectrum disorders.

Outpatient Mental Health Program:
Available in Erie County
Provides individual, group, and family psychotherapy, psychiatric evaluation, and medication management to children.

Behavioral Health Rehabilitation Services (BHRS):
Available in Erie, Crawford, Forest, and Warren Counties
This program provides individualized services to children and youth diagnosed with an Autism Spectrum Disorder (ASD). Services include specially trained staff in the field of ASD to include: Therapeutic Support; Mobile Therapy; and Behavioral Specialist Consulting.
School Based Outpatient Mental Health

The Achievement Center has expanded its Outpatient Mental Health school based program to 12 different school buildings.
School Based Outpatient Mental Health Services

Available in Erie County

School Based Outpatient Mental Health Services provides specialized treatment to children who are at risk for emotional or behavioral problems.

The partnership with the school will help therapists coordinate appointments during the school day so that children are not missing classes. Therapies during school hours are also helpful to families because there will be no travel time.

Services are provided to individuals who are at risk for experiencing emotional, relational, and/or behavioral problems. The site offers individual, group and family therapy.
Attention Deficit Hyperactivity Disorder (ADHD) Bridges

“The Summer Treatment Program has been great at keeping my child in a routine and working on skills that she will be able to use during the next school year.” — Client Family, Warren County, PA
# Attention Deficit Hyperactivity Disorder (ADHD) Bridges

ADHD is one of the most common mental disorders in children. Symptoms of ADHD may include inattention, impulsivity and hyperactivity. The Achievement Center offers a full range of therapeutic services for children diagnosed with Attention Deficit Hyperactivity Disorder (ADHD).

ADHD Bridges is a program that provides specialized Behavioral Health Rehabilitation Services, Outpatient Services, and Summer Treatment Program Services for children who demonstrate ADHD or related symptoms, and their families.

### Outpatient Mental Health Program:
*Available in Erie County*

### Behavioral Health Rehabilitation Services (BHRS):
*Available in Erie, Crawford, Forest, and Warren Counties*

### Summer Treatment Program (STP):
*Available in Erie and Crawford Counties*

In addition to traditional therapeutic services, each summer the Achievement Center offers the Summer Treatment Program (STP), which provides treatment for children and adolescents with ADHD or related disorders. STP uses a combination of behavior modification techniques, recreation, art, and parent education based on the model developed by Dr. William Pelham (SUNY Buffalo).

STP runs for eight weeks, Monday through Friday, at the following locations:

- **Erie County, PA**: The program provides treatment for children, ages 6-12, and adolescents, ages 13-16, at Villa Maria Academy, Erie, PA and at Edinboro University, Edinboro, PA.
- **Crawford County, PA**: The program provides treatment for children, ages 6-12, at Allegheny College in Meadville, PA.
- **Warren County, PA**: The program provides treatment for children, ages 6-12, at Otterbein United Methodist Church in Warren, PA.
“We appreciate the Recreation Therapy staff for all they do all year long. We know it’s their job, but it’s all the extras, all the caring, all the odd hours, and all the hard work they do that makes them all so special. Without all of you, these kids who love you so much wouldn’t have very active lives.” — Client Family, Erie County, PA
The Recreational Therapy Program

Available in Erie County

The Achievement Center offers quality recreational therapy activities to children, ages 6 to 21, who live in Erie County, attend school, and have a medical need for this care in order to achieve a maximum level of function and integration into the home and community.

Recreational therapy services include:

Achievers’ Club:
Advancing inclusion in community recreation activities.

Adapted Sports:
Promoting skill-building, personal achievement, and teamwork through competitive and non-competitive sports.

Cooking Group:
Focuses on developing independent cooking skills.

Family Program:
Bringing family members together to enjoy community outings and networking for support.

Teen Group:
Interaction with peers to build self-confidence and provide a great outlet for personal development.

Winners On Wheels (WOW):
A center-based service that encourages personal achievement through creative learning and fun. Participants stack one success upon another by earning “wheel” awards in different areas of recreation.

Recreational Therapy Program
The Recreational Therapy Program offers many adapted sports, as one aspect of the program. These are designed to provide individual and group sports on both competitive and noncompetitive levels with specialized equipment to ensure successful participation. Team sports include wheelchair basketball, sled hockey, adapted baseball and more; individual sports include adapted water skiing, swimming, track-and-field events, bowling and more.
Findley Lake Universal Pre-K

“To the teachers of the Findley Lake Universal Pre-Kindergarten Program from a former student, “Thank you for being a great teacher. I have learned so much from you this year. I will miss you and thank you for preparing me for my next adventure.” — Client Family, Clymer, NY
Findley Lake Universal Pre-Kindergarten Program
Available in Chautauqua County, NY
Findley Lake Early Childhood Center (FLECC):

- The Universal Pre-Kindergarten Program is partnered with Clymer Central School District for eligible four-year-old children. The goal is to prepare children to be ready to learn when they enter kindergarten.
- There is no fee or tuition costs for this program, which is limited to Clymer Central School District families.
- The inclusive program offers a developmentally appropriate environment in which to provide education that is respectful of the talents and needs of individual children, parents and teachers.

“92% of Erie County FBMH families were satisfied with the services they received. "I like how the therapy is for her and she is not alone. The team of therapists helps her feel that she belongs. They involve the whole family." — Client Family, Erie County, PA
Family Based Mental Health Program  
*Available in Erie, Crawford, Forest, and Warren Counties*

- **Family Based Mental Health (FBMH)**
  Program provides intervention, support services and therapy in the home and community for families and their children or adolescents who have significant emotional disturbances.

- This program is intensive. It generally lasts 32-weeks. It is an in-home service provided to the families of children whose serious emotional illness has put them at risk of removal from their home and community. Children who are returning to their family following out-of-home placement in a residential treatment facility are also eligible to receive these services.

- The primary goal of Family Based Mental Health services is for children with serious social/emotional disorders to remain at home and become successful and functioning at home, school, and in the community. Services include: family-structural therapy; case management; 24-hour a-day availability to families; and family support services.
Trail of Treats

Thousands of costumed children collect treats at the mall in Erie, Warren and Crawford Counties. Proceeds from the events benefit Achievement Center programs in those communities.
**Special Event:**
**Trail of Treats**

The time has come; it's oh so near… the *Trail of Treats* will soon be here! In October, the Achievement Center provides the communities of Erie, Crawford and Warren a safe, indoor and climate controlled trick-and-treat event for children…better known as *Trail of Treats*.

Children, ages 12 and under, get the chance to dress up in their favorite costumes and display them to their friends while collecting candy along a well-lit path. No rain, no snow, no flashlights required. Just Halloween fun, good friends and lots of treats!

Whether your costume is scary, hairy, frilly or silly, join the fun at this year's *Trail of Treats*. We have a Spook-tacular time!

**October 2011:**
Erie Trail of Treats benefiting the Achievement Center and Sarah Reed Children’s Center at the Millcreek Mall.

**October 2011:**
PNC Bank Trail of Treats benefiting children's programming at the Achievement Center in Crawford County.

**October 2011:**
PNC Bank Trail of Treats benefiting children's programming at the Achievement Center in Forest and Warren Counties.

Visit [www.achievementctr.org](http://www.achievementctr.org) for dates and times.
The Play Therapy program has continued to grow, expanding to a second Play Therapy room at the main agency, and adding a Play Therapy room at the Professional Building.

The Achievement Center Pet Therapy program is new to the Outpatient Mental Health program. Ruby the pug has been visiting the Achievement Center once a week and is currently assisting in the individualized treatment of children.
Play Therapy: A Child's Expression

Available in Erie County

Play is the most natural way for a child to convey what he/she is feeling without the use of language.

Play therapy differs from regular play in that a trained therapist at the Achievement Center helps a child address and resolve his/her own problems. With the use of a fully equipped play therapy room and a positive relationship with the play therapist, a child can safely confront his/her problems and find creative solutions.

In addition, the play therapist at the Achievement Center communicates regularly with the parents or caregivers, helping to develop a plan to resolve issues in the home, community or school.

Pet Therapy

The use of canine assisted therapy gives children another means to express their thoughts and feelings. Pets help children through physical contact, mental stimulation, nurturing and acceptance.

A therapy animal provides comfort to children and adolescents, assisting to open a channel of emotionally safe, non-threatening communication between client and therapist.

Using pets in Play Therapy offers another option for play, giving children an alternative way to express emotions. Children can pet and groom, feed, and learn the value of nurturance from working with animals.
### Celebrating Over 87 Years of Service – Your Support Counts

The Achievement Center is celebrating over 87 years of nurturing and assisting children and adolescents to reach “above and beyond” their therapeutic goals. The Achievement Center’s roots can be traced back to 1923 when a group of Erie Rotarians recognized a need for organized services for children with physical disabilities. The Erie County Crippled Children’s Society was established as orthopedic surgeon, Dr. C. W. Fortune, volunteered his time by examining, diagnosing and treating children free-of-charge.

In 1990, the agency was renamed “Achievement Center” to positively reflect our mission of “maximizing the potential of children.” Two decades after changing our name to the Achievement Center, we have truly become a multi-faceted agency with over 400 staff who provide quality therapeutic services to children/adolescents and their families in our community.

The Achievement Center provides quality therapeutic services to more children with special needs, from birth to age 21, more than anyone in the region! The Achievement Center has expanded and grown to meet the needs of nearly 3,700 children and adolescents with physical disabilities, developmental delays, speech/language delays, emotional/behavioral difficulties, attention deficit hyperactivity disorder (ADHD), and autism spectrum disorders (ASD), annually in Erie, Crawford, Forest, Warren, PA and Chautauqua, NY counties.

### Your Support Counts!

We believe that there is no limit to what children can achieve. Please consider making a year-end contribution to support children’s programming. Please complete and return the enclosed envelope in this Annual Report calendar; or you may make a secure donation online at the Achievement Center’s website: www.achievementctr.org. All donations are tax-deductible.
A copy of the official registration and financial information may be obtained from the Pennsylvania Department of State by calling toll free, within Pennsylvania, 1-800-732-0999. Registration does not imply endorsement.

In New York, a copy of the latest annual report can be obtained from the organization or from the Office of the Attorney General by writing the Charities Bureau, 120 Broadway, New York, NY 10271.

## 86th Annual Campaign for Children

The Achievement Center extends our appreciation to the Buzzanico family, ambassadors to our 2009/2010 Annual Campaign for Children. This year’s campaign theme: Every Child Has A Song to Share, helps to emphasize the Achievement Center’s mission to “maximize the potential of children.”

Each year, the Achievement Center launches an annual campaign to raise awareness about the services we provide and to seek financial support for the agency’s growing programs. Donations to the Annual Campaign for Children directly supports children’s therapeutic services, equipment, training, and other therapeutic items. Contributions to the annual campaign help the Achievement Center continue to go “above and beyond” in providing quality therapeutic services to children and families.

The Annual Campaign funds therapeutic services for children, from birth to 21, receiving Physical Rehabilitation Services, Early Childhood Services, Mental/Behavioral Health Services, Attention Deficit Hyperactivity Disorders (ADHD) Services and Autism Spectrum Disorder Services in Erie, Crawford, Forest, and Warren, PA and Chautauqua, NY counties.
